R3	Jack Lafford	12	Helen		9
R4					
R5					
Total		22	Total		33

Unfortunately Shrivenham could only get enough players to provide two rinks from an original fixture of five triples.

Steve Gould on Rink2 looked good at 3-2 on the 3rd end but then never scored again until the 13th end when the score was 4-21. Six shots, a two and a four on the last two ends, brought them to double figures and a final score of 10-24. I believe there were some useful players in this Shrivenham rink who would have been distributed across the rinks if we had played the original 5 triples. Jack Lafford faired better on Rink3 and steadily moved to 7-4 at the 10th end then to 12-6 at the 15th end. Single shots against on the last three ends finished the game in Jacks favour of 12-9.
